OUR STORY

The MAAGAP Story: Charting the path forward, Redefining Insurance

MAAGAP Insurance, Inc. has always been more than just an insurance provider—it's a company built on proactivity, reliability, and innovation. From day one, we've challenged the status quo, making insurance simpler, smarter, and more accessible while staying true to our commitment to trust and fairness.

Our Mission: Smart Protection. Real Peace of Mind.

At MAAGAP, we believe financial security should be within reach for all Filipinos. Our mission is to provide high-quality, forward-thinking insurance solutions with a customer-first approach, ensuring individuals, families, and businesses stay protected in an ever-changing world.

Since 2001, we have been a pillar of stability and progress in the non-life insurance industry. We set out with a bold vision: to secure Filipinos' financial well-being through reliable yet progressive insurance services. In our first year, we achieved Php 350 million in underwritten premiums, proving that trust, innovation, and efficiency go hand in hand.

Growth Fueled by Innovation & Trust

Our expansion led to branches across key cities including Binondo, Cebu, Dagupan, Davao, and Bacolod, later adding Cagayan de Oro, Bulacan, Batangas, Pampanga, General Santos, and Cavite. In 2006, we earned the ISO 9001:2000 Certification of Excellence in Quality Management.

A Milestone of Strength: Triple P's Strategic Investment

A new chapter began on May 3, 2024, when Triple P Philippines Pte Ltd.—a consortium of globally recognized development finance institutions including Triple P Capital, IFC (World Bank), BIO (Belgium), FinnFund (Finland), and DEG (Germany)—acquired 85% ownership of MAAGAP. This strategic investment further cements MAAGAP's financial resilience, global expertise, and long-term growth strategy.

Financial Stability & Unwavering Commitment

On December 31, 2020, MAAGAP complied with the Php 900 million minimum net worth requirement according to Section 194 of the Amended Insurance Code of the Philippines. We also ranked among the Top 10 in invested assets, reinforcing our long-term financial resilience.

The MAAGAP Difference: Smart, Reliable, and Built on Relationships

We anticipate risks, simplify complexities, and put people first—building lasting relationships at every step. MAAGAP is not just shaping the future of non-life insurance, but defining it.
